

Since we're 1,895 steps away from the estimated location the Nova appeared, it won't take long.

We're an hour away from that port.

I know, right? Brilliant, aren't it?

That magic was well timed.

Though you frustrate me, you were of great help.

I even have the topography mapped in my head. That's natural, right?

You even remember how many steps you took?

Mhm.

How outrageously serious you are...

don't have any
other redeeming
features besides
those, so...

I
